Advancing Human Health

## Galen US Medical Nutrition

Committed to bringing innovation, quality  
and customer focus to people with  
metabolic disorders.

# Galen Medical Nutrition

Committed to bringing innovation, quality and customer focus to people with metabolic disorders.

Galen is a privately-owned, global pharmaceutical company selling products worldwide in areas such as pain management, dermatology and gastroenterology. Established in 1968, with global headquarters in Craigavon, Northern Ireland, and US headquarters in Audubon, PA. Galen works in partnership with healthcare professionals and patients to advance human health.

POA Pharma Scandinavia, a small company with a big passion for developing high quality clinical nutrition products for metabolic disorders, is wholly owned by Galen.

Galen is also a proud member of the Almac Group of world-class companies in the pharmaceutical and biotech sectors. The Group is wholly owned by the McClay Foundation, whose overarching aim is to make a meaningful improvement and advancement in human health.
